## Post Secondary Enrollment Option

A student may wish to consider whether it would be beneficial and appropriate for him/her to participate in a Post Secondary Enrollment Option (PSEO) program. With PSEO, the student would attend a post-secondary institution and take one or more courses for college credit while remaining enrolled and taking courses at Discovery. We recommend that students elect this option only if they

DISCOVERY PUBLIC SCHOOL OF FARIBAULT  
2017-2018 STUDENT HANDBOOK

are highly motivated, self-paced, and demonstrate appropriate social skills. A student wishing to participate in PSEO through Discovery must have completed the School's curriculum through 10<sup>th</sup> grade. The student will also have to take the post-secondary school's entrance test, achieve a predetermined minimum score, and before enrolling, provide a copy of that result to DPS, which will then make the final decision on the student's eligibility to participate in PSEO. In order for a student to receive credit toward graduation, he/she will be required to obtain prior course approval from the advising team, save work and tests or documentation of test scores, and confer with the advising team upon completion of the post-secondary coursework. Books and materials provided to the student by the post-secondary institution will become the property of the Discovery Public School following course completion.

## **Expectations of All Students**

### 1. Student Responsibility for Learning

Show up every day for each of your classes; be on time. Be an active learner, work hard and do your best, be involved in class discussion; have necessary materials and come to school prepared to learn; be a good listener; turn in your assignments on time; study outside of class when necessary; set a good example for others; feel good about yourself. Students will present themselves at school in a manner appropriate to benefit from instruction. This will include appropriate dress, adequate rest and freedom from the influence of illicit chemicals

### 2. Respecting Others

Work and socialize without disrupting others; show courtesy towards others; cooperate to help others learn; use positive words and actions.

### 3. Respecting Property

Take care of school property and equipment. Respect and care for the personal property of yourself and others. Borrow property of others only after receiving permission. If you break someone's property, fix, replace, or pay for it.

### 4. Safe and Healthy Actions

Be kind and considerate with words and actions. Use furniture and equipment appropriately, walk in the building, keep hands and feet to self, etc.

### 5. Student Behavior

Students are responsible for their behavior. They are responsible for knowing and obeying all school rules and regulations.

### 6. Listening to Instructions

Students are responsible for complying with reasonable instructions of all School personnel, and for accepting the direction of the faculty and School officials while going to and from School, on School property and at School-sponsored off campus events.

### 7. Student to Respect

Students have the right to be treated with respect from school personnel.

Students that do not follow the rules, or are insubordinate, will be dealt with on a case-by-case basis. Student discipline procedures may include but are not limited to: **conferencing, removal from class/setting, detention, early dismissal from school, police contact, suspension, exclusion, or expulsion**. Certain aspects of student conduct and discipline are governed by the Minnesota Fair Pupil Dismissal Act (Minnesota Statutes § [121A.40](#) to [121A.56](#)) and/or other applicable law.

DISCOVERY PUBLIC SCHOOL OF FARIBAULT  
2017-2018 STUDENT HANDBOOK

The following infractions of School policy are examples of conduct that is not acceptable at Discovery:

- Running or pushing in the hallway
- Being in unauthorized areas of the building
- Chewing gum, eating candy, sunflower seeds, etc. in unauthorized areas or at unauthorized times.
- Various types of inappropriate behavior such as kissing, public displays of affection, etc.

## Attendance (Definitions)

School hours: 8:15a.m. to 3:00p.m.

- A. Absence.** A student is “absent” if he or she misses more than ten minutes of any scheduled class regardless of the reason.
- B. Unexcused Absence.** An absence is unexcused (truancy) unless a written note or phone call stating a valid reason is provided to the building principal within two days of after returning to school.
- C. Tardy.** A student is “tardy” if he or she enters class after the period was scheduled to begin but within the first ten minutes of the period and does not have a valid excuse or pass.
- D. Habitual Truancy.** Any student up through age 17 who misses one or more periods on seven different days.
- E. Emancipated Student.** Any student age 18 or older who is not economically dependent on their parent or guardian for support, and who lives on their own.
- F. Drop from Enrollment.** Any student that has 15 unexcused absences will be withdrawn from enrollment.

Discovery believes that regular school attendance is directly related to success in academic work, benefits the student socially, provides opportunities for important communications between staff and students and establishes regular habits of dependability important to the future of the student. Discovery’s goal is to teach children the responsibilities associated with employment and allow the student to demonstrate the responsibility and accountability needed to succeed in the workforce. We recognize that school attendance is the joint responsibility to be shared by the student, parent or guardian, and staff.

## CLASSIFICATION OF ABSENCES AND TARDIES

**A. Excused Absences:** With the exception of students who are emancipated from their parents, all students must provide the building principal with a note, which is signed by the student’s parent/guardian, or personal telephone call, which states a valid reason for the absence. An absence will be excused if the student provides a timely note (within two school days) which is signed by a parent/guardian and states that the absence is/was a result of one of the following conditions:

1. Illness, injury, or hospitalization of the student.

DISCOVERY PUBLIC SCHOOL OF FARIBAULT  
2017-2018 STUDENT HANDBOOK

2. Disability of the student. If a student suffers from a permanent or temporary disability which prevents the student from regular attendance, verification from the student's physician specifying the nature of the disability and the anticipated duration of the disabling condition will be required once per school year. For each absence, the student's parent must provide the building principal with a signed note verifying the reason for the absence.
3. Medical, dental, and other professional appointments (not haircuts), which cannot be scheduled outside of school hours.
4. Family emergency, serious illness of family member, or death in the family.
5. Work at home. A student may be excused to work at home only when the student's assistance is essential to the family's welfare. No more than two days will be allowed as excused absences for working during a quarter unless the building has a conference with the parent/guardian and determines if extra days are justified.
6. Religious holidays.
7. Attendance at a course of religion instruction for up to three hours each week as provided by Minn. Stat. 120,101, subd. 9(3). Before attending such a program, the parent/guardian must obtain permission from the Director.
8. Mandatory court appearances.
9. Conditions beyond the student's control. If a student is absent for part of a day because of conditions beyond the student's control, the student must provide the building principal with a note no later than the following school day. Examples of conditions of beyond a student's control include, but are not limited to, absence as a result of an automobile accident, and absence as a result of inclement weather which delays the student's arrival on the school bus. Receipt of a speeding ticket is an example of a condition that is not beyond the student's control, even if the student was not driving the automobile.
10. Pre-approved family trips and college visits taken with a parent. A maximum of five days in one quarter, not to exceed a total of ten days per school year, will be excused to permit a student to travel with a parent on a family trip or to visit colleges. Parents are strongly encouraged to schedule such trips during school breaks and vacations. At the School Director's discretion, an absence for a family trip or a college visit, which exceeds five days, may be counted as excused.
11. Compliance with any provision of a disabled student's Individual Education Program Plan or Section 504 Accommodation Plan.
12. Special education assessment performed by or at the direction of School District personnel.
13. Pre-approved testing, including college testing and military testing. Approval must be obtained from the building principal at least twenty-four hours prior to the absence.
14. Any pre-approved absence which, in the School Director's opinion, will provide educational value to the student. Approval must be obtained from the School Director at least twenty-four hours prior to the absence.
15. Pre-excused participation in a school-sponsored activity. Students who miss class due to a school function must make up the work missed. The absence will be considered an excused absence from class.
16. Work on an educational assignment or exam with another teacher in the building, which spills over, into another class period. In this instance, a note from the teacher rather than from the parent is required.
17. Visits to the principal's or assistant principal's office and scheduled visits to the office of the counselor or school psychologist. In this instance, no note is required.
18. Scheduled visits to the office of a counselor or school psychologist

DISCOVERY PUBLIC SCHOOL OF FARIBAULT  
2017-2018 STUDENT HANDBOOK

**19. Suspensions.** Absence from class as a result of an in-school or out-of-school suspension is counted as excused. In this instance, no note is required.

**B. Unexcused Absences:** Definition: An unexcused absence is one in which the student is absent from class/es without the knowledge and consent of his/her parent or guardian and without the approval of school officials. Oversleeping, a malfunctioning alarm clock, problems with a car, missing the bus, shopping, visiting friends, or an appointment at a tanning booth are not a basis for an excused absence. *See also, Discovery Public School Truancy Plan.*

The following steps will be taken with each unexcused absence:

- No graded credit will be granted for work missed when an absence is unexcused although teachers may still require making up missed work as a requirement of the course.
- In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota Statutes, and/or the student may be placed on in-school or out-of-school suspension. For Example:

<u>Violation</u>	<u>Minimum Action</u>
Truancy from class (more than 10 minutes late)	Parent contact
Truancy from school	Parent contact & one day in-school suspension

**Leaving the building during the school day**

Illness

If a student should become ill during the school day, he or she must report to the office. A parent/guardian will be contacted if a pass is issued to leave the building.

Appointments

If a student needs to leave the building for a scheduled appointment, the parent or guardian must call the School office. Then, the student should stop by the office to confirm their appointment and a parent/guardian should pick them up.

**A student leaving the building for any reason during the day without approval from administration or the school office is considered unexcused.**

**Tardiness**

Tardy to Class

It is expected that students arrive on time to school and for all classes. It is the teacher's responsibility to provide consequences for tardies. **Under School Policy two unexcused tardies equals one absence.** Students who are tardy over 10 minutes are considered absent.

Tardy to School

If a student is tardy to school and is excused, he/she is to report to the School office for an admit slip. Students who are unexcused tardy to school should report to office and then to their class. **Valid excuses for tardiness may be found under the list of excused absences; other reasons would be considered unexcused.** Extenuating circumstances should be referred to the staff.

**C. Excused Tardies:** If a student is tardy to class but has a written note from a teacher, school psychologist, or school administrator, the tardy will be excused. If a student arrives to School late and

DISCOVERY PUBLIC SCHOOL OF FARIBAULT  
2017-2018 STUDENT HANDBOOK

has a valid excuse signed by a parent, a school administrator will provide the student with a written note excusing the tardy. An excuse signed by a parent will be deemed valid if it states that one caused the student's tardiness or more of the conditions listed above, which give rise to an excused absence.

**D. Unexcused Tardies:** Any tardy which is not excused under this policy will be considered unexcused.

**E. Fifth Hour Tardies:** For any student that returns back from lunch later than 12:20pm (12:21 is LATE!) If you are with a parent, grandparent, uncle, aunt, or guardian – the adult and student must go to the office and explain the reason for being late and obtain a pass to class. Students that return late without an adult explanation will spend 5<sup>th</sup> hour in ISS with the Executive Director and will receive no credit for 5<sup>th</sup> hour class that day.

**F. False Excuses:** Any student who submits a false excuse or forges the signature of a parent/guardian or school personnel on an excuse will be suspended from school.

**G. Extended Absences:**

1. Parents should be aware that according to Minnesota State Law, a student who is absent for fifteen consecutive days must be withdrawn and must formally re-enroll to be admitted to school.
2. No credit is earned during the time a student is not enrolled.
3. Students less than 17 years of age that have any combination of 7 unexcused absences will result in a Truancy Petition being filed with the Rice County District Court, Juvenile Court Division.
4. If the student has suffered an extended illness and required work has not been completed, the class record will show an incomplete. A grade will be assigned after the work is completed according to the make-up policy guidelines.
5. If a student experiences an extended, long-term illness, they might be eligible for homebound instruction. Parents should contact the School Director to make these arrangements.

## Procedures

**If a student misses school because of the reasons listed above, please follow this procedure:**

- **A parent or guardian must notify the school office. Please call 507-331-5423 by 8:15 on the day of the absence. Without notification to the school by a parent or guardian within 12 hours results in an unexcused absence.**

## Attendance Limitations

Students that accumulate a combination of **seven absences, excused or unexcused**, in a quarter may be subject to disciplinary action. On the seventh absence of the quarter the student will lose credit from that class and/or could be dropped from the class. The student and or parent/guardian may appeal this loss of credit. The only bases for such appeal, or for reversal of the School's action, are: i) that the student has not in fact had seven unexcused absences in the quarter; or ii) that one or more of the absences should have been excused under School policy. A review board consisting of two teachers and the School Director will hold an informal hearing within five days of the end of the quarter to hear and decide the appeal. The ruling of the review board is final.

## Weather Related Absences

The Discovery Public School will hold classes as long as the weather permits. Discovery Public School will be considered closed for the day if Faribault Public Schools are closed. Early dismissals will also be linked to the closing of Faribault Public School, due to transportation. Please feel free to contact the school office with questions regarding the closure of school due to inclement weather. Do Not Call The Bus Company With Your Concerns, as this creates additional difficulties for them in the midst of challenging circumstances.

## Dress Code

The Discovery Public School encourages students to dress appropriately for school activities and in keeping with community standards. Students and parents will abide by staff requests to alter clothing when it has a negative impact on the educational environment as determined by the staff.

2017-2018 STUDENT HANDBOOK

10. No gang related apparel, clothing, jewelry, insignia, colors, paraphernalia or materials may be worn on or carried on campus or at school sanctioned activities.
  - a. For the purpose of this policy, “gang” is defined as any ongoing organization, association, or group of three or more persons, whether formal or informal in that:

  - c. It is not the intention of this policy to abridge the rights of students to express political, religious, philosophical, or similar opinions by wearing apparel on which such messages are stated. Such messages are acceptable as long as they are not lewd, vulgar, obscene, defamatory, or profane.

## **Gang Activity**

ANY type of gang activity on school property, including recruitment for membership, IS PROHIBITED. Such activity will result in discipline. In addition, any student disciplined for a gang-related offense will be referred to the police.

## **Nuisance Articles**

### Possession of Nuisance Articles:

1. Open use or possession of any nuisance article at School is prohibited. A nuisance article is defined as any object not related to school that in the judgment of the School creates a distraction for or inconveniences another person in the educational environment. Examples are: headphones of any sort, mp3 player, cameras, dice, electronic games, cell phones, pacifiers, chains on pants or linked to wallets, and laser pens.
2. Nuisance articles at School in violation of this policy will be confiscated and subject the student in possession of the article to discipline. At the discretion of staff a parent/guardian may be required to pick up nuisance articles brought to School in violation of this policy.

## **Electronic Devices**

Students who bring walk-mans, headset radios, or any other kind of personal electronic devices to school must leave them in their backpacks while on School grounds unless they have permission from a teacher. Musical players are allowed in the classroom with the individual teacher’s approval.

### **Cell Phones**

Recognizing the need for communication between students and parents, cell phones are allowed at school. Cell phones can be disruptive to school learning and may present safety issues that require the

Revised 8/17/17

2017-2018 STUDENT HANDBOOK

school to restrict their use and availability to students during the school day. If visible and in use during class time, the student will be asked to leave class and serve an hour of In School Suspension. If the behavior continues to occur parents will be notified and a meeting will be set up between the student, parent and School Director. **Making or receiving a call may only occur before or after school. Any electronic device inappropriately used will be confiscated and returned only to the student's parent or guardian following a conference with administration. Cell phone can be used during breakfast from 7:45am to 8:10am and during lunch from 11:53am to 12:20.**

### Telephones

A phone is available in the school office. Only emergency phone calls are allowed during the school day. It is necessary to get a pass from a teacher to make a phone call during class hours. The office will not be interrupted to make calls home, work, etc. It is only for emergency use. It is not possible for the office to receive phone messages for students **except in emergencies**. Any violation of this will result in disciplinary action.

## Rules of Conduct

In accordance with the Minnesota Pupil Fair Dismissal Act, students of the District may be suspended, expelled, or excluded for the reasons delineated below in addition to other situations which fall within the grounds contained in the Minnesota Fair Dismissal Act:

- A. Grounds for dismissal. A pupil may be dismissed on any of the following grounds:
1. Willful violation of any reasonable school district regulation.
  2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities.
  3. Willful conduct that endangers the pupil or other pupils, or surrounding persons, including school district employees, or property of the school. If a suspension occurs, reasonable efforts will be made to contact the parents/guardian prior to a child being suspended from the building. Disciplinary action may be taken as a result of any behavior which is disruptive of good order or which violates the rights of others. The acts set forth below are unacceptable and subject to disciplinary action. Nothing in this policy shall prohibit the School District from taking immediate action to protect individuals and property from harm. Nor shall this policy be construed to prohibit the School District from expelling students for behavior not specifically set forth if such conduct 1) significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or 2) endangers the pupil or other pupils, or surrounding persons, including school district employees, or property of the school.

### Visitors

“Parents are the key to their children’s success.” We value and encourage parental involvement. We also encourage parent visits to the school, especially for special events such as conferences, open house, and also for volunteering assistance to staff with a variety of projects that take place throughout the year. In the interest of assuring student safety and minimizing disruptions to the educational process, visitors who plan to come in during the school day need to follow these guidelines:

DISCOVERY PUBLIC SCHOOL OF FARIBAULT  
2017-2018 STUDENT HANDBOOK

1. Parents are welcome to visit the office at any time during the school day, but appointments are advised if you wish to see a specific person.
2. Parents are welcome to schedule a conference with a teacher between 3 and 3:45 PM on any school day.
3. Please report to the office when you arrive and sign in. This is done to assure student safety.

Parents who would like the school to consider exceptions to any other procedures stated above should contact the principal several days in advance of their intended visit to explain the nature of their request.

**Other Visitors and Guests.** All visitors must report to the main office to sign in. Students are not allowed to bring friends from other schools to visit while school is in session. The only exception made is for students who are considering a transfer to Discovery. The parent/guardian of the transfer students must contact administration 24 hours in advance to schedule the visitation and an appointment with a teacher.

**District Policy on visitors:** The information below is a portion of the district policy on Visitors to schools.

The district, however, must maintain safe and orderly operation of the school and programs affiliated within. There may be times that the restriction of visitors is necessary in order to ensure safety. To further ensure safety, at all times, visitors must be approved and identified in the office. The following list is what is included in the buildings procedure for visitors:

- A sign will be posted on all doors of school building directing visitors to register in the office.
- All visitors will register and check out of the office.
- Office personnel will, if requested or if deemed necessary, may escort the visitor to their destination.
- School administrators have the discretion to deny a request to visit the school.
- School administrators have the discretion to adopt or enforce more specific and/or restrictive rules governing visits to school buildings.
- A visitor who fails to comply with the visitor policy may be: denied future visits, detained by the School director, or a person designated by the director, pending arrival of the police; and charged with trespassing on school property under MN statute 609.605, subd. 4.
- The administration is authorized in determining whether visitors will be accommodated for a specific date, time, or purpose.

## Reasonable Force Standard

A teacher, in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or to prevent bodily harm or death to another.

## Searches

Under Minnesota law, school lockers, desks, and storage units are the property of the School. At no time does the School relinquish its exclusive control of lockers, desks, and storage units provided for the convenience of students. No student should have an expectation of privacy in regard to school lockers, desks, and storage units or to any items in their possession at School. A Staff member may conduct an inspection of the interior of these items at any time, without notice, without student consent, and without a search warrant. The only exception to this policy is that the personal possessions of students including, but not limited to purses, backpacks, book bags, packages, or clothing may be searched only when a staff member has a reasonable suspicion that the search will uncover evidenced of a violation of law or school rule. As soon as practical, after the search of a student's personal possessions, School authorities will provide notice of the search to students whose items were searched unless disclosure would impede an ongoing investigation by police or staff members.

## **STUDENT BULLYING AND PROHIBITION POLICY**

**I. PURPOSE**

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and teachers' ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district

DISCOVERY PUBLIC SCHOOL OF FARIBAULT  
2017-2018 STUDENT HANDBOOK

and the rights and welfare of its students and is within the control of the school district in its normal operations, it is the school district's intent to prevent bullying and to take action to investigate, respond, remediate, and discipline those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, and other similar disruptive behavior.

## **II. GENERAL STATEMENT OF POLICY**

**A.** An act of bullying, by either an individual student or a group of students, is expressly prohibited on school district property or at school-related functions. This policy also applies to any student whose conduct at any time or in any place constitutes bullying that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or employees.

**B.** No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.

**C.** Apparent permission or consent by a student being bullied does not lessen the prohibitions contained in this policy.

**D.** Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.

**E.** False accusations or reports of bullying against another student are prohibited.

**F.** A person who engages in an act of bullying, reprisal, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline for that act in accordance with school district's policies and procedures. The school district may take into account the following factors:

- 1) The developmental and maturity levels of the parties involved
- 2) The levels of harm, surrounding circumstances, and nature of the behavior
- 3) Past incidences or past or continuing patterns of behavior
- 4) The relationship between the parties involved and
- 5) The context in which the alleged incidents occurred.

This statement includes cyber-bullying which is the misuse of technology including, but not limited to, teasing, intimidating, defaming, threatening, or terrorizing another student, teacher, administrator, volunteer, contractor, or other employee of the school district by sending or posting e-mail messages, instant messages, text messages, digital pictures or images, or Web site postings, including blogs, also may constitute an act of bullying regardless of whether such acts are committed on or off school district property and/or with or without the use of school district resources.

Consequences for students who commit prohibited acts of bullying may range from positive behavioral interventions up to and including suspension and/or expulsion. Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge. Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

**D.** The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students involved in a bullying incident and the remedial action taken, to the extent permitted by law, based on a confirmed report.

## **VI. REPRISAL**

Discovery Public School will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who retaliates against any person who makes a good faith report of alleged bullying or against any person who testifies, assists, or participates in an investigation, or against any person who testifies, assists, or participates in a proceeding or hearing relating to such bullying. Retaliation includes, but is not limited to, any form of intimidation, harassment, or intentional disparate treatment.

## VII. TRAINING AND EDUCATION

The school district will provide information and any applicable training to school district staff regarding this policy. The school district will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the victim, and to make resources or referrals to resources available to victims of bullying. Discovery Public School has a list of counseling and/or mental and other health services students can be directed to. Students with a history of “bullying” will need to go through a checklist that Discovery Public School has developed for accountability.

## VIII. NOTICE

The school district will give annual notice of this policy to students, parents or guardians, and staff.

*Dealing With Bullies*

Bullying has been a problem in schools since the beginning of recorded time, and teachers, parents, and administrators have tried a variety of methods to eliminate bullying behaviors. Bullying still exists, however. This article is geared towards administrators, but it is helpful for teachers to know the process as well. Here are the steps I take as an administrator to reduce bullying behaviors:

Step #1 – [Conference with students and counselor](#)

Step #2 – [Conference with students and principal](#), and parent phone call

Step #3 – [Conference with each student](#), each student's parent, and the principal

Step #4 – ["No Contact Contract"](#)

Step #5 – Disciplinary Consequences

Disciplinary consequences can be In-School Suspension (ISS) or Out-Of-School Suspension (OSS) from one to ten days for each violation.

Step #6 – [Referral to Juvenile Justice](#) Authorities or other local law enforcement

Step #7 – Recommendation for [long-term suspension or expulsion](#)

These steps are given to the students when they are on Step #2. The steps reduce bullying behaviors because they are implemented on every student that I have to deal with. This consistency produces results. Every step is documented, so that when I have to involve outside agencies (or district-level administration) I have written records that I have tried various interventions to stop the bullying behaviors.

Forms of documentation include:

\*Witness statements filled out by both parties involved (and witnesses of the bullying behaviors)

\*Bullying or Harassment referrals filled out by faculty members who reported or observed the bullying

\*"No Contact Contracts" filled out and signed by student (and parent)

\*The school's Bullying Prohibition policy (including the intervention hierarchy listed at the beginning of this article)

\*Transcripts of conferences between student, parent, and administrator (be careful about what you say in these documents, because some states allow these documents to be taken from your custody and used in court)

Documentation is the key to success!

DISCOVERY PUBLIC SCHOOL OF FARIBAULT  
2017-2018 STUDENT HANDBOOK

It is important that you be perceived as someone who “takes action” against bullying. If you do not take action, you could be held libel if something bad happens to the perpetrator or the victim. The recent events in Massachusetts are a reminder of what can happen to schools who are perceived as not taking bullying seriously. When something bad happens to either the bully or the victim, and they say that “the school didn’t do anything about the bullying”...you will be ready with a file full of documents to defend yourself.

## Hazing Policy

“Hazing” means committing an act against a student, or coercing a student to commit an act, that creates a substantial risk of harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other purpose. The term hazing includes, but is not limited to:

1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking or placing a harmful substance on the body.
2. Any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, calisthenics or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
3. Any activity involving the consumption of any alcoholic beverage, drug, tobacco product or any other food, liquid or substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
4. Any activity that intimidates or threatens the student with ostracism, that subjects a student to extreme mental stress, embarrassment, shame or humiliation, which adversely affects the mental health or dignity of the student or discourages the student from remaining in the school.
5. Any activity that causes or requires the student to perform a task that involves violation of state or federal law or school district policies or regulations.

DISCOVERY PUBLIC SCHOOL OF FARIBAULT  
2017-2018 STUDENT HANDBOOK

Any person who believes he or she has been a victim of hazing or any person with knowledge or belief of conduct which may constitute hazing shall report the alleged acts immediately to an advisor, who is the appropriate school district official designated by this policy.

Upon receipt of a complaint or report of hazing, the Discovery Public School shall investigate the report and take proper action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, or discharge. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act, school district policies and regulations.

The Discovery Public School will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or any other employee who retaliates against any person who makes a report of alleged hazing or testifies, assists, or participates in an investigation or hearing related to such hazing.

## **Threats Against the President of the United States**

The Secret Service has informed all school districts that any threats against the President made via the computer and the Internet medium will be investigated and punishable by fine and imprisonment of not more than (5) years. It is a violation the Secret Service investigates with all its resources. To threaten the President, regardless of intent, is a violation of Federal law. Therefore, a threat made by an individual as a “joke” or “prank” will be pursued seriously by the Secret Service.

## **Tennesen Warning**

Students may be questioned by administration about incidents that may have severe legal and/or educational consequences. Students will have a due process right provided to them as per Minnesota statute. The Minnesota Government Data Practices Act requires school districts and other political subdivisions, when asking a person to supply private or confidential information about the individual, to inform the person of:

1. The purpose and intended use of the requested data within the school district;
2. Whether the individual may refuse or is legally required to supply the requested data;
3. Any known consequences arising from supplying or refusing to supply private data; and
4. The identity of other persons or entities authorized by a state or federal law to receive the data. Minn. Stat. 13.04 Subd. 2. “Minnesota Data Practices Act” moved to “General Information”

## **Right of Appeal**

If a student feels their rights have been violated, they should first bring the matter to the attention of the School Director, unless the alleged violation involves this person. If the principal is involved or an

DISCOVERY PUBLIC SCHOOL OF FARIBAULT  
2017-2018 STUDENT HANDBOOK

appeal of a principal's decisions is desired, the case may be brought to the School Board at its next regular meeting. A student may appeal their case in court without going through the administrative process outlined above, but the court may require the student to first exhaust those channels within the local system. The School Board also has the right of appeal.

## **Technology Code of Ethics**

### **Rights**

Each student has the right to make use of selected hardware, software, on-line services, and the Internet found on school property in order to facilitate diversity of instruction and personal academic growth in technology.

### **Responsibilities**

Students exercising their rights to use the technology equipment and software provided by Discovery Public School, as an educational resource shall also accept the responsibility for the preservation and care of that hardware, and/or software. Due to the sensitivity of networked equipment and possible incompatibilities and network damage, students are **not** allowed to install his/her own software on any school equipment unless written permission is obtained from the Director.

### **Telephone Use Policy**

Telephone calls are only to be made from the school office. It is necessary to get a pass from a teacher to make a phone call during class hours or students may stop in the office during passing time. Only emergency phone calls are allowed during class times. Students violating this policy are subject to minor disciplinary action.

### **Student Access to the Internet**

The Internet, telecommunications and other new technologies shift the ways that information may be accessed, communicated, and transferred by people. These changes may also alter instruction and student learning. Online electronic resources provide an exceptional opportunity for the promotion of learning. In a free and democratic society, access to information is a fundamental right of citizenship. The School's goal is to educate users by providing them with the understanding and skills needed to use the Internet in ways appropriate to their education and information needs. Staff will make every effort to guide and supervise students in the appropriate selection and use of electronic resources.

Making the Internet available to students carries with it the potential that some students might encounter information that others have identified as controversial or potentially harmful. Because the Internet is globally accessible and changes daily, it is not always possible to predict what students may encounter in some areas of the Internet. Some students may locate information that they or others consider inappropriate. The school does not condone the use of inappropriate materials nor does it encourage students to seek out inappropriate material. Concern about Internet information will be handled in the same manner as concerns about other educational materials are handled.

Students are responsible for good behavior on school computer networks, just as they are at all times throughout the school. Communications on the network are often public in nature. Users must accept the fact that public telecommunications systems cannot guarantee privacy. The school

DISCOVERY PUBLIC SCHOOL OF FARIBAULT  
2017-2018 STUDENT HANDBOOK

district reserves the right to monitor and investigate the uses of network equipment. Users need to be aware that the use of any networked computer may be monitored. Access to network services will continue to be provided only to students who agree to act in a considerate and responsible manner. The school information resources and collaboration opportunities greatly exceed any disadvantages that may be inherent within the Internet. Ultimately, parents and guardians or minors are responsible for setting and conveying that the standards that their children should follow when using media and information sources.

**Students have the responsibility to make only those contacts leading to some justifiable educational purpose on the network.**

The student is responsible for making sure all e-mail received by him/her does not contain pornographic material, terroristic threats, inappropriate information, or text enclosed files, such as viruses, that are potential dangerous to the integrity of the hardware on School premises. Any suspected incident must be reported to the media center or School office immediately.

**Parent/Student Owned Software:**

Upon receiving written consent from the Building Principal, or their designee, students may use their parent or personally owned software. It is agreed that only that student who owns that software will be able to use it on school property. Software must be removed from the hardware it was installed on either at the direction of a staff member, or completion of use.

**Computer Virus:**

It is the responsibility of the student to keep programs of a viral nature off any school equipment. The student will be held accountable for any deliberate attempts at knowingly installing and/or operating a computer with the virus.

**Removal and Movement of Equipment:**

It is the responsibility of the student to keep hardware and software from being removed from school premises without prior written consent from the School Director or their designee. Student shall obtain permission from the classroom teacher prior to removing, relocating, or modifying any hardware, software or files, or entering the system folder or control panel. Altering, moving, renaming, hiding or deleting programs, files or applications is prohibited. The media specialist and classroom teacher will oversee all repairs to equipment done on school grounds. All equipment and software will be checked out and in through the media center.

**Copyright:**

Copyright laws will be strictly adhered to when using all computer, scanner, laser discs, CD, CD-1, printers, copy machines, fax machines, and video equipment in the building. All violations of copyright laws (i.e. copying programs without written permission from the copyright holder, who is the author or producer of the program) will be covered under the school larceny policy.

Shareware software is also subject to the guidelines in this document.

**Libelous Action:**

Each student will refrain from using any libelous language that may result in prosecution and/or legal action. Libel refers to defaming a person's character, behavior or past with untrue or unfounded statements.

**DISCIPLINARY ACTION**

DISCOVERY PUBLIC SCHOOL OF FARIBAULT  
2017-2018 STUDENT HANDBOOK

Enforcement is first the responsibility of the classroom teacher, and/or media staff. The administration will review all cases referred to them for disciplinary action in accordance with the schools discipline policy.

1. The student may be advised to seek assistance in learning the proper procedure before her/she is allowed to use technology equipment in the school.
2. The student may be banned from bringing his/her own software to the school.
3. The student may be required to make full financial restitution.
4. The student may be banned from using printing facilities.
5. The student may be banned from using scanning facilities.
6. The student may be banned from access to the on-line Service/Internet.
7. The administrator may ban the student from using all computer equipment.
8. The administrator may suspend the student.
9. The administrator may expel the student.
10. The student has the right to appeal.

## **Student Transportation Safety Policy**

Riding the school bus is a privilege, not a right. Students are expected to follow the same behavioral standards while riding school buses as are expected on school property or at school activities, functions or events. All school rules are in effect while a student is riding the bus or at the bus stop.

### **School Bus Safety Expectations and Responsibilities**

**A student who violates the bus expectations and responsibilities will be assigned appropriate consequences by the school bus driver and school administrator. Serious misconduct will be reported to the Department of Public Safety and may be reported to local law enforcement. Parents or guardians will be notified of any suspension of bus privileges. Parents/guardians are both initially and finally responsible for transporting their children to and from school unless those children demonstrate safe and responsible behavior on and around the school bus. All parents/guardians are asked to work cooperatively with school and bus company officials to ensure the safety of their children.**

## **Use of Vehicles and Transportation**

Students may not drive or ride in any motorized vehicle during the school day unless prearranged with the school and parent or guardian. Students will be transported to any field trip by Discovery staff, and will not be allowed to transport themselves or other students to off campus activities during the school day, unless there is a signed permission slip on file with the School. If students do drive to school, the office needs to have a copy of their current driver's license in their records. They should park in the Discovery School parking lot. Students will not be allowed to return to their vehicles during the school day; off-campus lunch is allowed with a signed permission slip to be kept in the office, only for 9<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup>, and 12<sup>th</sup> graders.

## **Food in the Building**

Food and beverage are to be consumed in the cafeteria, not in the halls. Food trays are to remain in the cafeteria. Students wishing to purchase food from local vendors, i.e., Subway, Domino's Pizza, etc. for delivery at the school will not be allowed. If you wish to eat from these establishments, have it with you prior to the school day and bring it with you; this is with accordance to our wellness policy. Students will be allowed to consume beverages and snacks obtained from the snack bar in areas designated by the staff.

DISCOVERY PUBLIC SCHOOL OF FARIBAULT  
2017-2018 STUDENT HANDBOOK

- Material that presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations.

If the person is dissatisfied with the decision of the office, the person may submit a written request for appeal to the Board Chairperson. If the person does not receive a response within three school days of submitting the appeal, the person shall contact the Board Chairperson to verify that the lack of response is not due to an inability to locate the person.

Permission or denial of permission to distribute material does not imply approval or disapproval of its content by the school, the school board, or the individual reviewing the material submitted.

## **School Sponsored Student Publications**

The purpose of this policy is to protect the students' rights to free speech in production of official school publications while at the same time balancing the school's role in supervising student publications and the operation of public schools.

Students who believe their right to free expression has been unreasonably restricted in an official student publication may seek review of the decision by the Board Chairperson. The Board Chairperson shall issue a decision no later than five school days after the review is requested.

## **Health Services**

### **Emergency Information**

Parents/guardians of each student will be required to complete an emergency information form and return it to the school during the first week of school. Please return this form as quickly as possible, since the information may be needed as early as the first week of school.

DISCOVERY PUBLIC SCHOOL OF FARIBAULT  
2017-2018 STUDENT HANDBOOK

If a student becomes ill or injured at the school, first aid or other necessary care will be given immediately. (First aid is the “immediate and temporary care given in the case of an accident or sudden illness before the service of a physician can be secured.”)

School personnel will not assume responsibility for any treatment beyond first aid. First Aid procedures do not include any form of medical treatment. The faculty is only permitted to dispense either Tylenol or aspirin to students.

### **Medications**

The administration of medication to students is carried out under written orders from a student’s physical and written permission of the parents. The policies of the Minnesota Department of Health and the State Department of Children, Families, & Learning are followed.

If possible, medications should be scheduled around school hours, thus avoiding the need for bringing medications into the school building. Under usual circumstances, school personnel give no medications (including aspirin and Tylenol) to a student. Whenever possible, parents are encouraged to make alternative arrangements so that it is unnecessary for school personnel to administer medications. An exception to this is if a prescription medication needs to be taken during school hours. If a student requires a prescription medication **FOUR** times a day, or more often, the Discovery Public School can give the medication in school **ONLY** if the following procedure is followed:

1. **ORIGINAL BOTTLE:** Medication is sent in the original bottle with the name of the medication, how often it is taken, amount of dosage, physician’s name, and telephone number of the pharmacy on the label. Parents who know their student needs to take medication at school can request a second bottle from their pharmacist to send to school.
2. **WRITTEN REQUEST:** The medication **MUST** be accompanied by a written request from the parent that their student should take the medication in school. The dosage given, time of day to give the medication, and specific directions for giving the medication.
3. **PARENTS & PHYSICIAN’S MEDICATION AND AUTHORIZATION FORM:** This form needs to be completed for the student on medication for extended periods of time or the entire school year. If a student is on a medication for a long period of time, please contact the office manager for one of these forms.

### **Health Conditions**

Any student having health conditions, such as diabetes, asthma, seizures, frequent ear infections, or allergies (especially wasp/bee stings), will need to contact the school secretary during the first week of school. Parents/guardians are encouraged to contact the school secretary to arrange for a conference. The school secretary will share information regarding the health condition of students with the necessary school staff. Students having a history of hearing or vision difficulties should notify the school secretary of any special needs.

### **Illness/Accidents**

DISCOVERY PUBLIC SCHOOL OF FARIBAULT  
2017-2018 STUDENT HANDBOOK

If your child becomes ill in school, every attempt will be made to send your child home. Should your child have a minor injury, the school secretary will give first aid. If the accident is of a serious nature, parents will be called immediately. If the school is unable to contact the parents, a doctor will be called or the student will be transported to the nearest clinic for examination.

We will try to contact you at home or at work, as you should assume responsibility for the care of your child. If we are unable to contact you, we will contact the persons designated on your child's emergency form. If all attempts to contact someone fail, your child will remain in school and will be sent home at the end of the day in the same manner in which they came to school. A child will be sent home with a temperature above 100 degrees. If a child has a temperature above 100 degrees, vomits or has diarrhea within the past 24 hours, please do not send him/her to school.

### **Communicable Diseases and Contagious Infections**

To prevent the spread of contagious diseases, the school secretary needs to be informed of all students with a communicable disease. These include the following: chicken pox, pinkeye (conjunctivitis), measles, mumps, rubella, impetigo, ringworm, head lice, scabies, strep throat, etc. If a student has chicken pox, pinkeye, lice, scabies, impetigo, or strep throat, the student needs to report to the school secretary or office for clearance to return to school. Parents should contact the school secretary regarding readmission guidelines for each particular disease.

### **Immunizations**

The school secretary checks the immunization records of all students. The Minnesota School Immunization Law requires that all students be properly vaccinated in order to remain enrolled in school. Since immunization laws change frequently, the school secretary will contact you if additional information regarding immunizations is needed. Immunizations will need to be up to date **PRIOR** to school entrance for all students including transfer students. Foreign exchange students, not transfer students, will have 30 days to update their immunizations.

Seniors will receive a copy of their immunization record prior to graduation and are encouraged to keep this in a safe place, since this information is needed for entry into a college or university.

Parents are encouraged to make dental and medical appointments for their students to avoid conflicts during the school hours.

## **SECTION 504 REHABILITATION ACT OF 1973**

Students may be disabled under Section 504 even though the students do not require special education services. It is the intention of the Discovery Public School to ensure that all students who are disabled within the definition of Section 504 are identified, evaluated, and provided appropriate educational services.

The staff will consider the existence of a disability and possible Section 504 protection in the following circumstances:

1. When suspension or expulsion is being considered for any student.
2. When a student shows a pattern of not benefiting from the instruction being provided.
3. When a student returns to school after a serious illness or injury.
4. When a student exhibits a chronic health condition (lasting 6 months or longer).
5. When a substance abuse is an issue.
6. When a disability of any kind is suspected.

The designated Section 504 building coordinator will utilize the following Section 504 process:

**Step 1.** Referral: Student, parent, or staff member who believe they are observing in other student substantially limited performance in one or more major life activities may refer the student by completing the Section 504 referral form and submitting it. The Section 504 committee will convene, review the referral, and based upon review of the student records, including academic, social, medical, and behavioral, will make a decision regarding the need to evaluate.

**Step 2.** Does the student appear to have a disability under Section 504? If yes: The coordinator will proceed with the evaluation upon receipt of parent written permission. All evaluation activities deemed appropriate will be employed. The 504 committee will review the results of the evaluation. No final determination of whether the student will or will not be identified as a handicapped individual, within the meaning of Section 504, will be made by the committee without first having invited their parent/guardian to participate in a meeting concerning such a determination. After initial evaluation activities have been completed, the coordinator will invite the parent to a final evaluation meeting.

**Step 3.** Develop accommodation plan. If the student qualifies as disabled under Section 504, the team will develop an accommodation plan for the student. The educational services shall be implemented as outlined in the Student Accommodation Plan. One individual will be designated as the case manager to monitor the implementation of the plan and the progress of the student

**Step 4.** Periodic review. Each student accommodation plan will be reviewed periodically and at a minimum, the accommodation plan shall be reviewed annually.
