Discovery Public School 126 - 8th Street N.W. Faribault, MN 55021 Regular Meeting March 17, 2022 @ 4:30pm

We believe all children can learn.

We believe a trusting, caring, and nurturing environment must pervade the entire school. We believe in including as many children as possible in all of the learning opportunities. We believe all of our actions should be consistent with our purpose and vision.

We believe students should be taught "how" to think, not "what" to think.

We believe the primary purpose of education is to teach children "how" to learn.

We believe children must take responsibility for and be actively involved in their learning.

Per MN statute 13D.021 subdivision 1.1: "The DPS Board Chair has determined that an in-person meeting is not practical or prudent because of a health pandemic."

- 3. <u>Approval of the February 24, 2022 Minutes:</u> Sam M. made a motion to approve the February 24, 2022 minutes. The motion was seconded by Cody H. The motion carried (6-0).

- 5. Citizen Participation: None.
- 6. Reports:
  - **6.1 Director's Report:** Cash on Hand: \$219,885.90 Enrollment: 51
    - 3 older students transferred to ALC, 2 others dropped off of our roster. Because it is so late in the year it should not have too much effect on our Finances, but is a situation to monitor.
    - We completed our Annual Pennies 4 Patients Fundraiser. Teachers/Staff have raised money in classes to donate to the Leukemia and Lymphoma Society. DPS will donate \$??? (Dan will take the money to the bank over SB)
    - DPS's Spring Break will take place 3/21-3/25.

- **6.2 Community:** Russ K. pointed out that enrollment in the Faribault School District has recently dropped, and wondered where the students are going. Dan W. opined that many 11<sup>th</sup> and 12<sup>th</sup> graders did not earn credit during the extended period of distance learning. It appears they are just quitting instead of putting in the effort to get back on track to graduate.
- 6.3 Finance: (Russ K., Jim S., Dan W.) The Finance Committee did not meet this month.

# **6.4 Academic Committee:** (Dan W., Jim S., Sharon H.)

Spring testing will begin on April 5, 2022 with the ACT test. Three of our juniors have transferred to another school, so we now have 5 students expected to take the ACT.

MCA testing begins on April 6th. All middle school students take the math, reading, and science tests. Tenth grade students take the reading and science tests and 11th graders take the math test.

NWEA testing will begin on Monday, May 2, 2022.

Six students are currently on track to graduate.

# **6.5 Environmental Education:** (Alli P., Jim S., Sharon H.)

The aquaponics project is growing. They have the tanks set up with fish and the plants are starting to grow. The peas have begun climbing their straw trellises. They hope to take a field trip to the indoor hydroponic gardens in Faribault later this spring, the Living Greens Farm. So far they have not heard back about touring. Another option is the Bushel Boy Tomatoes hydroponic garden in Owatonna.

After learning about the sustainability of food systems around the world, students were evaluated on their understanding of those systems and hydroponic/aquaponics systems before beginning the indoor garden. Throughout the project the students are experimenting with which types of edible plants will grow well in their aquaponics system. They are also evaluated on their contribution to the project as a whole. This is all part of our strategy/goal for Indicator 5: Action in our Environmental Literacy Plan (ELP).

Warm weather means students are getting outside more again. The teachers of our MN Natural History class have asked Sharon Hansen to talk to them about maple syrup production. They are studying how indigenous peoples used maple syrup in Minnesota. We might even tap one of the maple trees in front of the school so students can experience maple syrup production first-hand.

# 7. Discussion Items:

- 7.1 School Board Training: None.
- **7.2** COVID-19 Update: Restrictions have been lifted and masks are no longer mandatory in the school. No one in the school has tested positive, recently. The (7 day) infection rate in Rice County is currently 239/100,000.
- 7.3 DPS BA Boys' Basketball Co-op: Dan and Russ reported that our student had a very positive experience playing with the Bethlehem Academy (high school) team. They foresee this arrangement as being good for both schools, in the future. Dan was approached by some parents wanting to know if we could co-op with BA for middle school sports. Dan will talk to the BA athletic director but would want participation to be dependent upon students' grades.

# 8. Action Items:

- 8.1 Navigate Care Consulting 2022-2023 Agreement: A licensed school nurse consultant is utilized at DPS for health care advice and SPED student evaluations. The Board reviewed and discussed the Agreement (printed in the meeting packet). Sharon H. made a motion to approve the Agreement for Service and Statement of Work with Kristen M Gerber, Owner/Licensed School Nurse, of Navigate Care Consulting LLC, from July 1, 2022 until June 30, 2023. Annual service totals beyond \$2000/year for general education and \$2500/year for special education will require Board approval. The motion was seconded by Cody H. The motion carried (6-0).
- **8.2 DPS Revised 2021-2022 School Calendar:** MDE requires Board approval of any changes in the School Calendar. Circumstances caused two instructional days to be designated as non-instructional. Sam M. made a motion that the Discovery Public School 2021-2022 Calendar be revised: September 30, 2021 was a transition (to distance learning) day and February 22, 2022 was a snow day. The motion was seconded by Sharon H. The motion carried (6-0).
- 8.3 Filan Lawn Service 2022 Contracts: The contracts (printed in the meeting packet) were reviewed and discussed by the Board. Dan W. will monitor the quality of the work done by this new contractor. Sam M. made a motion that we approve the 2022 Filan Lawn Service contract for lawn mowing (\$45.10/time), spring cleanup (\$64.43/time), and the "Better" lawn care maintenance package (\$307.11/season). The motion was seconded by Sharon H. The motion carried (6-0).
- 9. <u>Adjournment</u>: Board members were reminded that our next Regular Board Meeting is scheduled for April 21, 2022 at 4:30pm. Russ K. made a motion to adjourn the meeting. The motion was seconded by Cody H. The motion carried (6-0).

Respectfully submitted: Sam Macklay, Secretary

# What Boards Need to Know About Academics

# Introduction

The primary purpose of all charter schools in Minnesota is to improve all pupil learning and all student achievement. That means regardless of the success of your school's mission and vision, your school must be accountable for pupil learning and student achievement. Therefore, your Board is responsible for monitoring and ultimately ensuring that your school is achieving its primary purpose. Charter school board members often say, "But I am not a teacher and therefore can't evaluate student performance," and proceed to leave it up to the school leader or the teachers on the board. While the school leader can certainly help the Board evaluate the degree to which the school achieves its primary purpose, it is ultimately the Board's responsibility to ensure the school meets this section of statute. Therefore, Board members should become familiar with the key measures to monitor.

# **Contractual Indicators**

The place to start lies in the school's contract with its authorizer. For Osprey Wilds, the school contract contains a number of appendix documents referred to as exhibits, one of which is Exhibit G: Academic and Academic-Related Goals. This is the document that clearly articulates the indicators that the school and Osprey Wilds have agreed to use as the measure of the school's academic success. There are ten indicators within which measures are developed. Each of these, if applicable to the school, should be monitored by the Board:

• Mission: The measures in this category are at the heart of why your school exists. These goals are designed by your school to measure what matters to the school in regards to mission completion. These measures will also help the board know if the school is meeting its mission. They are agreed to by Osprey Wilds and are the primary drivers of how OW evaluates the degree to which the school is achieving its mission. While your Board likely monitors many items that serve as examples of mission work, the items in Exhibit G are the ones that OW uses as definitive measures.

Questions Boards might consider asking about mission-related goals:

- ✓ Are we able to determine if we are achieving our mission based on these measures? In other words, do these measures get at the heart of our mission?
- ✓ Do the results show we are meeting our mission? Can we determine that from the data available?
- ✓ What performance should be strengthened? What resources does the Board need to allocate to achieve that improvement?
- ✓ What measures are we easily meeting, and should the target be raised to push us farther?
- ✓ Is our mission still serving the students at our school?
- ✓ Are we meeting our contractual goals? Within this indicator area, are there certain measures where we are doing better than others?

of students who tested. OW also compares specific student populations to determine if there are any gaps. (i.e. Does one student group have lower performance that is masked when looking only at the total student population as a whole?)

Questions Boards might consider asking:

- ✓ How does the school's growth relate to proficiency?
- ✓ Are students with high growth able to reach proficiency before matriculation?
- ✓ If our school's demographics mirror the local district, why do our proficiency rates differ (if they do)?
- ✓ Is our instructional model set up to achieve grade level proficiency in core measures? If not, what might be changed?
- ✓ Do gaps exist between specific student groups (e.g. students eligible for free and reduced price lunch, students receiving Special Education services, English Learners), and if so, what supports are in place to close that gap?
- ✓ Are we meeting our contractual goals? Within this indicator area, are there certain measures where we are doing better than others?
- Other Proficiency and Growth: This is a catch-all indicator area to contain other academic priorities
  important to the school. Most notably this section includes Kindergarten Readiness goals for school's
  serving kindergarten and pre-kindergarten students. Many schools place writing, social studies, or socialemotional learning goals in this category.

Questions Boards might consider asking:

- ✓ What other measures directly impact academic success that we may wish to measure?
- ✓ Are our students provided the skills to be healthy and successful? How do we know?
- ✓ Are we meeting our contractual goals? Within this indicator area, are there certain measures where we are doing better than others?
- ✓ What plans does the school leader or instructional leadership team have to ensure the school is meeting its contractual goals in this area?
- Post-Secondary Readiness: This indicator is present for schools that serve students in Grades 9-12. While
  schools may have additional measures in this category, generally OW includes graduation rates (spanning
  from 4-7 years) and compares those rates to the state. Graduation may also be compared to the local
  district or to alternative education settings, depending on the priorities of the school. Additional indicators
  can be college/career readiness and include ACT, Accuplacer, or ASVAB scores, completion of PSEO or
  apprenticeship/training programs while in high school, and acceptance into a post-secondary program.

*Ouestions Boards might consider asking:* 

- ✓ Are we ensuring that students are provided the support they need to graduate from high school?
- ✓ Are we preparing students for an array of career choices following high school?
- ✓ Are our students provided the skills to be healthy and successful in the post-secondary world?
- ✓ Are we meeting our contractual goals? Within this indicator area, are there certain measures where we are doing better than others?
- Attendance: School attendance provides insights into student engagement, school culture, and

connection – and attendance rates are strongly linked with academic outcomes. There are two types of measures in this indicator; overall attendance and consistent attendance.

 Overall attendance is the percentage of school days attended for the entire student body divided by the total possible days for the entire student body. While this was the standard measure in past contracts, the state of Minnesota no longer reports overall attendance percentages for schools or the state. (Your school, however, likely still tracks this information and may

There is currently a \$10,000 deductible on the policy so this will now become \$15,000. We have not seen the renewal quote yet to know from a pricing standpoint what it will do.

Thank you!
